### AGILE, EFFICIENT & SCALABLE CLOUD SOLUTIONS

Whether you’ve already made the leap to the cloud and just need to optimize your infrastructure or want to move to the cloud but aren’t sure where to start, M3 Technology Consultants is here to help. Look to our experts to host your servers, workstations and more in our secured and fully redundant data center. Your users will enjoy reliable access to their virtual data, workstations and more using just a web browser – all for a recurring monthly fee that reduces your overall technology infrastructure costs.

#### BUSINESS CONTINUITY

Whether you experience a natural disaster, power failure or human error, having your data stored in the cloud ensures it’s backed up, protected and easily accessible. You’ll be able to conduct business as usual to minimize downtime and lost productivity.

#### 24/7/365 MONITORING

Our team of expert engineers and support technicians proactively monitors your systems to prevent trouble and maximize uptime. In the unlikely event of an interruption, they’re in place to immediately solve the problem.

## SEAMLESS SCALABILITY

When you're growing fast, your technology has to keep up. Cloud computing lets you quickly increase the number of users as your needs change. You'll only pay for what you need and never have to worry about running out of capacity.

## ALWAYS-ON AVAILABILITY

M3 Technology Consultants ensures your connection is always on by monitoring and maintaining 99.99 percent uptime. As long as your workers have an Internet connection, they'll be able to access their cloud applications from practically anywhere.

## IMPROVED MOBILITY & COLLABORATION

With cloud, your team can access data and applications no matter where they are in the world via smartphones, tablets and computers. Everyone can stay connected and easily share information in real time, enhancing the collaboration process.

## ON-DEMAND EXPERTISE

Have a bug, glitch or other minor IT problem that's slowing down your team? We're here to help – just give us a call or shoot us an email. We work with you to troubleshoot technical issues and overcome obstacles to productivity.
