

INSTALL, MOVE, ADD & CHANGE SERVICES

TREATING YOUR IT EQUIPMENT THROUGHOUT ITS LIFECYCLE

Installing new systems, moving and upgrading equipment, and changing configurations are routine tasks for any business – but without the right support, those tasks can cause extended downtime and distract your employees from mission-critical assignments. We handle all tasks related to installing, moving, adding or changing hardware and software for a seamless process.

ABOUT M3 TECHNOLOGY CONSULTANTS

We recognize that busy businesses do not have time to guess what IT support their businesses may or may not need. After years of experience, M3TC has developed one simple streamlined solution, our True Blue inclusive service package. All of the support your business needs, without the back and forth, nickel and diming. One package designed to provide proactive system support, so you can run your business and enjoy peace of mind.

EXPAND & ADJUST YOUR IT INFRASTRUCTURE WITH EASE

Routine changes to your hardware, software and other equipment are necessary for the growth of your company, but implementing them is inconvenient and eats up your IT team's time. Our install, move, add and change services take care of these tasks with minimal business interruption and on budget. If you need to install a new system, we'll unpack and connect it, attach supported devices and perform tests to verify connectivity. If you need to move your system, we'll disconnect it from your current location, prepare it for transport and reconnect it at a new location. Plus, we can make additions or changes to your hardware or software.

PREDICTABLE MONTHLY COST

We work within your IT budget, making sure you only pay for what you need. Simply select the IT services that will benefit you most, then pay a flat, monthly fee based on that choice.

SPECIALIZED EXPERTISE

Have a problem that's puzzling your IT department? Our team is here to help. It can be tough to stay on top of all the technical changes happening every day. Now your staff can lean on us when they need to.

INCREASED PRODUCTIVITY

You don't have time to waste on hiccups in your IT projects. M3 Technology Consultants manages projects from concept to completion, using our expertise to predict and plan for bumps in the transition so your business can continue running smoothly.

MINIMAL DOWNTIME

You don't have time to sit around while your systems are down. In addition to proactively monitoring your network so we can stop threats before they start, we back up your data to the cloud so it's easily recoverable in any situation.

POST-DEPLOYMENT ASSISTANCE

Your IT projects don't end at deployment. We're on hand to answer questions and offer support after you launch. We'll also help you figure out your next steps, scale up or down depending on your needs and stay current with the best products and services for your business.

STANDARDIZED TRAINING

No more disagreements about the best approach or confusion over different platforms. We provide comprehensive, standardized training so your employees are on the same page and working together as a team.

WE DO MORE THAN INSTALL, MOVE, ADD & CHANGE SERVICES. M3 TECHNOLOGY CONSULTANTS ALSO OFFERS:

- ✓ Technology Assessments
- ✓ IP Telephony Solutions
- ✓ IT Infrastructure Monitoring
- ✓ Remote PC & Mac Support
- ✓ Data Backup & Recovery
- ✓ IT Project Management
- ✓ Cybersecurity Services
- ✓ Cloud Computing Solutions
