

NETWORK & SERVER MANAGEMENT

MAINTAINING YOUR CRITICAL SYSTEMS 24/7

Networks have a lot of moving parts – servers, storage space, firewalls, routers, switches, load balancers and more. Making sure that every component of your network is operating perfectly is a full-time job – and you simply don't have the time to support it. Let M3 Technology Consultants take responsibility for it all.

ABOUT M3 TECHNOLOGY CONSULTANTS

We recognize that busy businesses do not have time to guess what IT support their businesses may or may not need. After years of experience, M3TC has developed one simple streamlined solution, our True Blue inclusive service package. All of the support your business needs, without the back and forth, nickel and diming. One package designed to provide proactive system support, so you can run your business and enjoy peace of mind.

FEWER HEADACHES MEANS MORE GROWTH POTENTIAL

With M3 Technology Consultants, your network and servers are in good hands. Our experts procure, secure and inventory your network equipment and systems, ensuring all drivers and software are up to date, licenses are properly managed and your systems are integrated with your existing equipment. No matter what kind of network architecture you have – from the simplest LAN to the broadest hybrid – M3 Technology Consultants is there to keep it running all the time. Plus, our multi-layered security solutions ensure you network and servers are always safe from cybercriminals and other technology threats.

STRONG SECURITY MEASURES

M3 Technology Consultants removes spyware, adware and viruses, and audits patches, ports, passwords and firewalls. We also track warranties and service contracts, to provide timely security updates and software installations.

24/7/365 MONITORING

Our expert engineers and support technicians proactively monitors every network component including routers, firewalls, switches, phone systems and more. And, we're just as vigilant with desktop events and mission critical applications, antivirus and software patch alerts.

REDUCED COSTS

Because your PC and Macs are routinely monitored, M3 Technology Consultants can easily identify IT issues before they become disruptions to your daily workflow. Our team minimizes the risk of system failure and ensures your systems are running at peak performance.

REMOTE AND ON-PREMISE HELP

M3 Technology Consultants resolves 99 percent of technical issues quickly and easily, with little to no downtime. But, for the one percent where a technician is needed at your location, we have you covered. We'll get there fast and get you back to business.

EXPERT GUIDANCE

Our technicians are invested in ensuring your IT systems and network deliver optimal performance. That's why we take the time to learn your goals, challenges and budget, then work together to create an IT strategy that meets your objectives.

ON-DEMAND SUPPORT

Have a bug, glitch or other minor IT problem that's slowing down your team? We're here to help – just give us a call or shoot us an email. We work with you to troubleshoot technical issues and overcome obstacles to productivity.

WE DO MORE THAN JUST NETWORK & SERVER MANAGEMENT. M3 TECHNOLOGY CONSULTANTS ALSO DELIVERS:

- ✓ Technology Assessments
- ✓ Unified Communications
- ✓ Cloud Computing Services
- ✓ Remote PC & Mac Support
- ✓ Migration & Deployment
- ✓ IT Project Management
- ✓ Cybersecurity Services
- ✓ Training & Help Desk Services
