PC & MAC MANAGEMENT

WORKSTATIONS THAT WORK WITH YOU, NOT AGAINST YOU

Dealing with malfunctioning computers isn't just irritating – it affects productivity and ultimately, your bottom line. Making sure your PC and Mac desktops and workstations are operating perfectly is a full-time job – leave it to the experts to provide the maintenance and management you need to optimize your systems.

ABOUT M3 TECHNOLOGY CONSULTANTS

We recognize that busy businesses do not have time to guess what IT support their businesses may or may not need. After years of experience, M3TC has developed one simple streamlined solution, our True Blue inclusive service package. All of the support your business needs, without the back and forth, nickel and diming. One package designed to provide proactive system support, so you can run your business and enjoy peace of mind.

HASSLE-FREE COMPUTER MANAGEMENT STARTS HERE

No matter which desktops, laptops or workstations you use, or which operating systems they're running, M3 Technology Consultants monitors, maintains and manages them all. We'll procure, secure and inventory your machines and systems, ensuring all drivers and software are up to date, licenses are properly managed and your systems are integrated with your existing solutions. We also work closely with your staff to make sure they understand how to use their new machines, and if there's a failure, your team can call us and we'll spring into action to resolve their most frustrating technology challenges.

STRONG SECURITY MEASURES

M3 Technology Consultants removes spyware, adware and viruses, and audits patches, ports, passwords and firewalls. We also track warranties and service contracts, to provide timely security updates and software installations.

24/7/365 MONITORING

Our team of expert engineers and support technicians proactively monitors your systems to prevent trouble and maximize uptime. In the unlikely event of an interruption, they're in place to immediately solve the problem.

PROACTIVE MAINTENANCE

Because your PC and Macs are routinely monitored, M3 Technology Consultants can easily identify IT issues before they become disruptions to your daily workflow. Our team minimizes the risk of system failure and ensures your systems are running at peak performance.

REMOTE & ON-PREMISE HELP

M3 Technology Consultants resolves 99 percent of technical issues quickly and easily, with little to no downtime. But, for the one percent where a technician is needed at your location, we have you covered. We'll get there fast and get you back to business.

AUTOMATIC UPDATES

Outdated software or unpatched computers leave you exposed to cyberthreats. M3 Technology Consultants automates the process of keeping your software and hardware updated to safeguard your vital systems and prevent threats from coming through your front door.

ON-DEMAND EXPERTISE

Have a bug, glitch or other minor IT problem that's slowing down your team? We're here to help – just give us a call or shoot us an email. We work with you to troubleshoot technical issues and overcome obstacles to productivity.
