PLATFORM AS A SERVICE

OFFERING TOOLS FOR SEAMLESS APP DEVELOPMENT

Platform as a Service (PaaS) gives you the infrastructure and tools you need to build high-performing applications from the ground up. Create, test and deploy software faster with resources designed to support you through every step of the application lifecycle.

ABOUT M3 TECHNOLOGY CONSULTANTS

We recognize that busy businesses do not have time to guess what IT support their businesses may or may not need. After years of experience, M3TC has developed one simple streamlined solution, our True Blue inclusive service package. All of the support your business needs, without the back and forth, nickel and diming. One package designed to provide proactive system support, so you can run your business and enjoy peace of mind.

CREATE SOFTWARE PROGRAMS QUICKLY & EFFICIENTLY

Developing software used to require a powerful in-house infrastructure – with all of the associated costs and hassle of building and maintaining it. Our PaaS solutions provide the hardware and software you need over the Internet, including storage, development and testing tools, operating systems and more. You pay only for what you use, and resources scale up and down based on your needs. Developers in disparate geographic locations work together with seamless collaboration capabilities. You get the tools, resources and support for first-class applications all in one place.

MINIMAL MAINTENANCE

With PaaS, M3 Technology Consultants takes care of routine software updates and management of cloud-based tools. There is no new software to purchase or download, making deployment and administration simple.

AFFORDABLE PRICING

Don't spend money on licenses or capabilities you don't need. Our simplified pricing ensures you only pay for what you use and can easily grow or scale back your plan based on your organization's unique requirements.

ANYWHERE ACCESS

Because your development tools are securely hosted in the cloud, users can log in and use them from anywhere – and on any device. All that's needed is an Internet connection and users can work from a coffee shop, the airport or a hotel overseas.

LOWERED DOWNTIME

You don't have time to sit around unproductively while your systems are down. We continuously monitor, maintain and upgrade our systems to ensure reliable uptime so your development team can keep hitting deadlines.

ENSURED BUSINESS CONTINUITY

Whether you're hit with a cyberattack or a natural disaster, our PaaS solutions give you an extra layer of business continuity protection. Your critical data is backed up and available for retrieval at any time, so your employees and customers are never left in the dark.

CUSTOMIZED SOLUTIONS

Why settle for technology services that only support your needs half of the time? Our technicians perform an assessment and design a package that accommodates all your crucial business requirements while sticking within your budget.

WE DO MORE THAN PLATFORM AS A SERVICE. M3 TECHNOLOGY CONSULTANTS ALSO OFFERS:
