

# VOIP PHONE SERVICES

## ENHANCING YOUR CALLING EXPERIENCE

Get a phone system designed for the way you operate – without the steep upfront investment. VoIP is a simple, cost-effective solution that keeps you connected, whether you're in the office, at home or traveling. With features like advanced call forwarding, the capability for fast scalability and the option to integrate with other applications, VoIP is your one-stop solution.

### ABOUT M3 TECHNOLOGY CONSULTANTS

We recognize that busy businesses do not have time to guess what IT support their businesses may or may not need. After years of experience, M3TC has developed one simple streamlined solution, our True Blue inclusive service package. All of the support your business needs, without the back and forth, nickel and diming. One package designed to provide proactive system support, so you can run your business and enjoy peace of mind.

### COMMUNICATE EFFORTLESSLY WITH A BETTER PHONE SYSTEM

Your legacy phone system has served its purpose, but is it keeping up with the needs of today's fast-paced business environment? If you find yourself frequently dropping calls, missing calls when you're out of the office, or juggling team members because you can't join the same conference call, it's time to rethink your system. Our VoIP solutions transmit phone calls over the Internet instead of traditional phone lines for maximum uptime and clarity. Plus, as your business grows, it's easy to scale without laying new phone lines or restructuring your office. If you're ready to make the switch, we'll handle the migration for seamless results.

#### INCREASED MOBILITY

Traveling frequently and working flexible hours to service customers are part of today's business reality. VoIP phone services give your employees the ability to route office calls directly to a mobile device for maximum flexibility.

#### AFFORDABLE PRICING

Don't spend money on infrastructure or capabilities you don't need. Our simplified pricing ensures you only pay for what you use and can easily grow or scale back your plan based on your organization's unique requirements.

## IMPROVED RELIABILITY

It's important that your applications are available wherever and whenever you need them. Our team of expert IT professionals is available around the clock to observe your systems and ensure your business runs properly and efficiently.

## HIGH SPEED CONNECTION

Slow connection speeds and high network latency can cost you thousands of dollars in lost productivity and customer dissatisfaction. Experience a smooth connection that boosts efficiency and gives your business a competitive advantage.

## HELP DESK SUPPORT

M3 Technology Consultants resolves 99 percent of technical issues quickly and easily, with little to no downtime. Just give us a call or shoot us an email. We work with you to troubleshoot technical issues and overcome virtually any obstacle.

## SINGLE POINT OF CONTACT

Do you have to dig through old emails and phone contacts to find the right person to answer your questions? There's a simpler way – call us. We'll become your single point of contact, communicating with all of your vendors on your behalf.

## WE DO MORE THAN VOIP PHONE SERVICES. M3 TECHNOLOGY CONSULTANTS ALSO OFFERS:
